This applies also to inside illuminated signs (e.g., neon, etc.) which are within eighteen inches (18") of the window surface.
 - b. Menu Boards: Menu boards for drive-in restaurants are to be reviewed and approved by the community development department at site plan review. The following shall apply although the planning commission may approve additional menu boards or them at different locations at the time of site plan review only, depending upon circumstances:
 1. Only two (2) menu boards are allowed per site drive-in aisle. If the menu board is located in the front of the building, it ~~and~~ must be located behind the minimum front setback on the primary frontage landscaped setback area.

It is hereby declared to be the intent of the City Council that this section would have been adopted if such invalid section, provisions, subdivision, sentence or part of a section or application had not been included.
